but directly, and with the greatest effect, upon the Blood

I have tried every preparation used by modern Physicians, with the most distinguished and celebrated patent nostrums, now so highly extolled; as the various Panaceas, Sarsaparilla Syrups, Balsams, and Extracts; and, after repeated trials for years, in different forms of disease, I have found that this Syrup, beyond all comparison, far exceeds them all. In Chronic Inflammation of the Liver White Swelling, Necrosis, or Fever Seres, Elckets, Pistula, and King's Evil; in short, in every taint of the system or blood, from whatever cause it may arise, or however long standing, this medicine will be a pre-eminently superior article, and of the highest value in all cases for which it is recommended. DR. BROTHERS'

Compound Ulmus Powders, for Poultices.

This Powder made into Poultices is the most efficacions of any of the various kinds recommended, and among all the different kinds used, I know of none which is equal to this for all infiammations, whether of the eyes, face, limbs, or other parts of the bedy—for Burns, Ulcers, Bore and Infiamed Breasts, Erysipelas or St. Anthony's Fire, Piles, White Swellings, King's Evil, or Scrofulous and Fever Sores, and Outs, Infiamed Wounds, Carbuncles, &c. It rapidly diminishes pain, heat, swelling, and where there is any gathering of purulent matter, it promotes a free and easy suppuration. A better article of the kind is not to be found. Price 50 cents.

DR. BROTHERS' RHEUMATIO PILLS.

These Pills are very efficacious in every case of Rheumatism, whether acute or chronic; and I am satisfied, from my own observation of their great efficacy in the worst and most obstinate cases, that they are not surpassed, if they are indeed equalled, by any other pills of the kind in existence; they attenuate viscid humors, remove obstructions, regulate the system, purify the blood, and thus cure the complaint. The Rheumatic Liquid used with the Pills, to bathe the parts affected, will very much facilitate the cure. When the case is very obstinate, and does not yield readily to the above medicines, a Syrup made from the Alterative Powder, (which can be obtained at the same place with the Pills and Rheumatic Liquid,) muct be taken according to directions accompanying it; but in most instances the Pills alone, or the Pills and Liquid, will remove the complaint in a short time. Price 50 cents.

DR. BROTHERS' PILLE ELECTUARY.

This preparation has been found on invaluable remedy fyr the Hemorrhoids, or Piles. It is given internally, to correct a faulty state of the bill-ary or digestive organs, which produces costiveness, or a derangement of the bowels, and consequently the Piles.

derangement of the bowels, and consequently the Piles.

Most of the remedies now in use for this dangerous and painful affection, are directed to be applied externally; they do not remove the cause of the complaint, and can therefore afford only temporary relief. Again, the disease is often beyond the reach o aid from external applications, an objection to which this remedy is not liable, it being taken internally. It is perfectly safe, pleasant to take, mild and easy in its operation, and affords immediate relief.

It is equally efficacious in curing both the Blind and Bleeding Piles. If the bowels are left costive after the use of this medicine, a little physic may be taken to regulate them. Having been trying the All Healing Ointment in some very bad cases of Piles, I hesitate not to assure the afflicted that it is a very valuable medicine, and an inestimable auxiliary to the filectuary. I consider it the best external applivariable medicine, and an inestimable auxiliary to
the Hectuary. I consider it the best external application, I have ever known. The Electuary is an internal remedy, and the Ointment as an external application, used in connexion, I doubt not would be effectual in the most obstinate cases, and must surpass
in all instances any other remedies for Piles to be
found. Price \$1.

This article has been extensively used many years by the original proprietor, in his private practice in thousands of cases in this city, (New York,) and throughout the country, with invariable success; he can, therefore, with confidence, recommend it as superior to any preparation of the kind now in use; it is admirably calculated to restore tone to the muscular fire, and thereby impart strength and energy to the whole system. It will be found exceedingly valuable in all cases of Debility, Dyspepsia, Pain in the Breast, Weakness of the Lunga, Nervous Complaints, and those inward complaints peculiar to females, such as Fluor Albus, or Whites, Prolapsus Uteri, or Fatting of the Womb, &c.

Organic Weakness,

This dreadful disease is the penalty most frequently paid by those who have become the victims of improper indulgencies. Young persons are too apt to commit excesses, not being aware of the dreadful consequences that may ensue. Now, who that understands the subject will pretend to deny hist the power of procreation is lost scener by those falling into improper habits than by the prudent. Besides being deprived the pleasure of healthy offspring, the most serious and destructive symptoms to both body and mind arise. The system becomes deranged, the physical and mental powers weakned, nervous debility, dyspepsia, palpitation of the heart, indigestion, a wasting of the frame, cough, symptoms of consumption, &c.

Dr. Johnston,

Member of the Royal College of Surgeons, London, graduate from one of the most eminent Colleges of the United States, and the greater part of whose he has been spent in the hospitals of London, Paris, Philisdelphia and elsewhere, has effected some of the most astonishing cures that were ever known. Many troushed with truging in the ears and head when asleep, great aervousness, being alarmed at sudden soundinaed ometimes with derangement of mind, were cured immediately.

A Certain Disease.

When the misguided and impracent votary of piecure finds he has imbibed the seeds of this painful disease, it too often happens that an ill-timed sense of shame or dread of discovery deters him from applying to these who, from education and respectability, can alone befriend him, delaying till the constitutional symptoms of this horrid disease make their apperance, such as ulcerated sore throat, diseased need, noctornal pains in the head and limbs, dimness of sight, deafness, nodes on the shin bones and arms, bletches on the head, face, and extremities, progressing with frightful rapidity, till, at last, the palate of the mouth or the bones of the nose fall in, and the victim of this awful disease becomes a horrid object of commisseration, till death puts a period to his dreadful sufferings by sending him to "that bourne from whence no traveller returns." To such, therefore, Dr. Johnston pledges himself to preserve the most inviolable secrecy; and, from his extensive practoe in the first hospitals in Europe and America, he can contidently recommend a sale and speedy cure to the unfortunate victim of this horrid disease.

It is a melancholy fact that thousands ran vicemus to this dreadful complaint, owing to the unstitution, and either send the unfortunate sufferer to an untimety grave, or else make the residue of life miserapie.

To Strangers.
The many thousands cured at this institution within the last lifteen years, and the numerous important Surgical Operations performed by Dr. Johnson, winessed by the reporters of the papers, and many other persons, notices of which have appeared again and again before the public, besides his standing as a gentleman of character and responsibility, is a sufficient guarantee to the afflicted.
N. B. There are so many ignerant and worthless quacks advertising themselves as Physicians, ruining the health of the already afflicted, that Dr. Johnston deems it necessary to say, especially to those macquainted with his reputation, that his credentials or diplomas always hang in his office.

It is only necessary to say, that after very many years of experience, and being fully conversant with all of the various kinds of Sloves which have been invented on the down-draft 'rinciple, that I have taken advantage of every well-k...own improvement that has from time to time been made, particularly in reference to the formation and construction of the flues, which are always necessary to be large, and I have fully applied every improvement and considered them all in the "Sunrise Air-Tight Cooking Slove." This Slove is made very heavy, and is a good substantial article; I have made them extra heavy in all the purits where long experience has proved it to be important, and I can assure my customers that I have spared neither pains nor expense in getting it up; and it will not be excelled by any slove now known of a similar character; I am convinced that it will at once become a standard Stove.

I have fully tried them in every way, with WOOD and COAL, and strongly recommend them to the public. They operate in the most satisfactory manner.
